

"STRANGLER" KNAPP GETS A NEW TRIAL

Circuit Court at Hamilton Today Holds That State Failed to Prove Mrs. Knapp Had Been Choked To Death as Charged.

Hamilton, Jan. 5.—The Circuit court here this morning granted Alfred A. Knapp, "the strangler," a new trial. It was held that the State had failed to prove that Mrs. Hannah Goddard Knapp was choked to death as charged in the indictment and that there was error in admitting Knapp's confession to five murders. The Court also held that in the charge to the jury

the court erred when it said no sane man would make such confessions.

Knapp is now in the Ohio penitentiary under sentence of death by electrocution, January 11.

In December, 1902, it was claimed he strangled his fourth wife to death and then threw her body into the Miami river. After his arrest, Knapp confessed to strangling his wife, also four other women and girls.

FLAMES

Discovered in Churches Shortly After Injunctions Had Been Served on Members.

Lima, O., Jan. 5.—The Swiss Menonite settlement is in a state of disruption over the suit filed by P. P. Steiner and other trustees against John B. Baer and Benjamin Dillers, ministers of the two churches, and against certain leading members.

When deputy sheriffs served the injunction papers to restrain the ousting of the plaintiffs as members and trustees violence was threatened and twice during the day the two churches were fired. The flames were soon subdued.

This locality is one of the most thickly settled Menonite districts in the state, and the two churches, governed by a joint association, have a membership of over 1,200, divided almost equally in the factional fight.

Chicago, Jan. 5.—Coroner Traeger today issued 190 summonses for witnesses to the theatre disaster. Witnesses whose evidence is especially sought are those who can fasten responsibility for the defectiveness of the safety appliances, and for the fatal hindrances thrown in the path of the struggling women and children as they fled toward the exits.

OHIO LEGISLATURE

Makes Preparations for Inauguration and Adjourns
--Increase in Lieut. Governor's Salary Opposed
--The Governor's Staff.

Columbus, O., Jan. 5.—The first bill to pass both houses was that providing for a military staff for the governor. It was received from the Senate at 9:40, and upon motion of Col. Thompson, of Lawrence, the rules were suspended. Steward of Fairfield, protested against rushing through a bill in the beginning of the session without giving new members a chance to investigate. The bill passed.

Columbus, O., Jan. 5.—Representative Rawson of Cuyahoga, will introduce a bill to give police courts power to fine and send to the work house, which is now conceded to be lacking. His bill is to cover a dangerous point temporarily until a general police court bill can be passed. The bill passed the house today making the lieutenant governor's salary \$1500 a year, by a vote of ayes 59, nays 42.

Columbus, O., Jan. 5.—Blackley's bill boosting the Lieutenant Governor's salary to \$1500 a year also passed the Senate today.

Columbus, O., Jan. 5.—The Senate passed, under suspension of the rules, the Shallenberger bill for the reorganization of Governor Herrick's staff to conform with the Dick military bill. The bill abolishes the staff officers, surgeon general, chief of engineers, quartermaster general, and judge advocate general, who ranked as brigadier generals and drew \$6 a day. The eleven colonels who drew \$4.50 a day, are replaced by aides selected from rational guard majors, captains and lieutenants, who draw their guard pay when on assigned duty with the governor.

The work of the surgeon general will devolve upon the surgeon of General Dick's staff; that of the judge advocate general upon the judge advo-

cate of the general's staff; that of the quartermaster general and the chief of engineers upon the adjutant general and his assistant quartermaster general.

The special committee amended the bill so that there was no increase in the salaries of the adjutant or assistant adjutant general, and fixed the salary of the assistant quartermaster general at \$1,500 a year.

Edward T. Miller, assistant adjutant general, Columbus, is slated for appointment to the new position of assistant quartermaster general.

FOR THE INAUGURATION.
Columbus, Jan. 5.—The joint committee on inaugural preparations appointed is as follows:

Senate—Ricketts of Franklin, Kinsman of Trumbull, Harding of Butler, Oskamp of Hamilton, Carter of Wyandotte.
House—Chisholm of Cuyahoga, Jones of Delaware, Crafts of Portage, Foster of Ross, Whitney of Franklin, Smith of Hamilton, Farmer of Lucas, Russell of Meigs, York of Ottawa, and Wertz of Wayne.

The joint committee on rules will, in all probability, favorably report on the proposition to hold but one session of house and senate each day, beginning at 1 p. m., committee meetings to occupy the forenoon.

By a joint resolution in which the senate concurred, the house set the date for the re-election of Senator Hanna to the United States senate for January 12, at noon. The two houses will vote upon the matter of (a) dates on January 12.

Mr. Blackley of Perry county, introduced a bill to increase the salary of the lieutenant governor from \$900 to \$2,500, but the measure has met with some opposition.

roles, occupied the chair of the presiding officer just preceding the session, and on the body being called to order, offered a stirring invocation.

His prayer was a plea for the wisdom of heaven in the affairs of the government. He referred briefly to the Chicago disaster, and asked a blessing on the stricken city.

The chaplain of the House, in opening the session of that body, prayed that war between Russia and Japan might be averted by a peaceful adjustment of their differences.

HAHN FIGHT

Columbus, O., Jan. 5.—Gov. Nash today revoked the extradition warrant on which W. M. Hahn was to have been sent to New York for trial on the charge of stealing \$79,000 from the Manhattan Insurance company of which he was an officer. The revocation is on the ground that the governor does not believe Hahn to be guilty. Hahn is ex-State insurance commissioner, former manager of Ohio Republican campaigns and ex-member of the National committee. Gov. Nash's action ends a long fight to keep Hahn from the New York authorities.

FAR EAST

SITUATION TODAY IS NOT QUITE SO WARLIKE.

German Foreign Office Takes a More Favorable View—Talk of British Intervention in London.

Berlin, Jan. 5.—The foreign office today takes a most favorable view of the situation in the far East. Officials believe that the danger of the situation has disappeared and that the maintenance of peace is most probable.

London, Jan. 5.—The Exchange Telegraph company says that principal interest in the far Eastern situation today centers about the possibility of intervention by King Edward. The Exchange sees ground for such a possibility in the fact that Premier Balfour, who had lengthy conferences regarding the situation at the foreign office yesterday, has been invited to meet the king and queen.

St. Petersburg, Jan. 5.—Following is the actual situation:

Russia's reply to Japan is now in the hand of the Viceroy Admiral Alexeff, for him to deliver when he thinks the fitting moment has arrived.

I am emphatically assured by the foreign office that Russia has not at all given up the idea of a peaceful issue, all depending on whether Japan is in earnest in her declarations to this government regarding her desire for peace. That is beginning here to be much doubted, in view of her extensive war preparations, which are daily being announced.

As to whether Russia's reply will be acceptable to Japan or not no one here will give an opinion.

It has been calmly and carefully considered, and from Russia's point of view, framed in terms which Japan can accept with honor, and she must take the very gravest responsibility by refusing it. The next word lies with Japan. Accordingly the question of peace or war rests in her hands.

The answer may be known at any moment.

PRO-JAPANESE

Are All Who Understand the Situation Says Returned Missionary.

Washington, Jan. 5.—James H. Wells, a surgeon of the Presbyterian Mission in Korea, is in this city on furlough. During the cholera epidemic he was physician to the Emperor. Dr. Wells is well informed on all matters relating to the country which premises to soon be the seat of war. He said:

"All who understand the present situation in Korea are pro-Japanese. Japan in this fight, now imminent, stands for civil rights, human liberty, freedom in its wide phases and open door in commerce. Russia, with all her virtues—and she has some—seems to stand for the antithesis of all these.

"America's commercial and religious interests there are enough, (Continued on Page Two.)

TROOPS

Are Landed on the Frontier

Colombia is Expected to Begin Fighting

AGAINST PANAMA REPUBLIC AT AN EARLY DATE.

GEN. ORITZ' CAMP RE-ENFORCED.

Gen. Reyes is Reticent Pending the Reception of an Official Answer to His Note.

Panama, Jan. 5.—News has been received here that several schooners carrying troops from Cartagena have landed at Titumati, the site of a present large Colombian camp on the frontier. It was recently stated that Gen. Ortiz, who is in command of the camp, had about 2,000 men with him. The schooners from Cartagena will, it is reported, greatly increase this force.

Colombian scouts have already been sent along the coast, this side of the Panama line. These and other reports have caused General Huertas, commander in Chief of the Panama army, to believe that hostilities are soon to commence. General Huertas announced that he intended to leave the city within a few days accompanied by his staff and make a scouting trip along the boundary.

In the event of war General Huertas wants to go to the front on scout duty. He is anxious to meet the Colombians, his former companions in arms.

The Indian chief, Inanaquira, has returned to his home at Catí, after a trip into Colombia. It is believed here that he voluntarily made the trip with several Colombian soldiers, as he was desirous of conferring with the Colombian authorities with whom it is reported he is on excellent terms.

It is believed that he is willing to serve the Colombians. He was recently made a colonel in the Colombian army and was presented with a uniform, of which he is exceedingly proud. When he returned this time it is said that he was wearing a new Colombian army uniform, and it is supposed that he has received further honors and has perhaps been made a general.

REYES RETICENT

Pending Reception of an Official Answer to His Note.

Washington, D. C., Jan. 5.—General Reyes still waits for an answer to the note of protest which he filed with the State department 10 days ago. Pending receipt of the answer, which may reach him today, he declines to make any statement as to what he will do in the direction of terminating diplomatic relations between the United States and Colombia. Many persons expected that the message which the president sent to Congress would transmit the answer to Gen. Reyes' note, and that it would be sent to him about the same time.

"Situation unchanged," was the only message from Admiral Glass. The Navy department has been informed that the gunboat Tojoka and the torpedo boat destroyer Truxton, left Kingston for Colon. These ships will be used for scouting. It is considered quite likely that should the situation on the isthmus really require troops instead of marines a part of the Porto Rican regiment might be sent there.

AMERICAN VESSELS

Patrolling Both Coasts of the Panama Republic

Colon, Jan. 5.—The United States gunboat Cal-tine is patrolling the coast between Caledonia Bay and the Gulf of Darien. The gunboat Bancroft is stationed at Nombre de Dios, 40 miles northeast of Panama. The cruiser Atlanta is at Porto Bello, and the gunboat Nashville is at Bocas del Toro,

while the cruiser Olympia is taking on coal and provisions in the Chiriqui Lagoon, to which place the supply ship Culgoa has gone. The Culgoa later will proceed along the coast for the purpose of supplying other vessels of the patrolling squadron.

The converted cruiser Mayflower will leave today with mail for the warships and also for the purpose of scouting along the coast toward the Gulf of Darien.

INDICTMENT

Charging Conspiracy is Quashed, but Deitrich Must Yet Answer the Charge of Bribery.

Omaha, Neb., Jan. 5.—At the beginning of the trial of United States Senator Charles H. Deitrich, Judge Vandevanter, sustaining a demurrer by defendant's counsel, in effect quashed the leading indictment of conspiracy. On this indictment the government had prepared itself for trial and subpoenaed a large number of witnesses. Indictments charging the senator with profiting by the leasing of a building to the United States government and charging him directly with bribery in connection with the appointment of a postmaster at Hastings, Neb., still stand against Senator Deitrich.

"CUPID"

The Hawaiian Delegate in Congress, Spent Monday Night in a City Prison.

Washington, Jan. 5.—Prince Cupid, the Hawaiian delegate in Congress, was in police court this morning, charged with intoxication and disorderly conduct in a restaurant. He had spent the night in a cell at the police station, having refused to make any attempt to get out on bond. He asserted that his arrest was an outrage and demanded vindication. It was not until the court this morning assured him of a fair and impartial hearing that he called a friend to deposit \$5 collateral security for his appearance on Thursday, the date set for his trial. The prince is a nephew of ex-Queen Liliuokalani and came to Congress as the successor of Robert W. Wilcox. His proper name as it appears in the Congressional directory is Janah K. Kalanianoale.

VIOLATIONS

Of Law Reported in Twelve New York Playhouses.

New York, Jan. 5.—Twelve theatres in New York, 11 of them on Broadway and one on the Bowery, are violating the fire ordinances, and should be closed," said Fire Commissioner Nicholas J. Hays as a result of the "special report made to him by Battalion Chief Lenihan, of the Theatre Squad.

"Lenihan reports," says Commissioner Hays, "that in three theatres there are no asbestos curtains. The curtains used are cheap cotton labeled asbestos. Other theatres are lacking in proper exits. Two actually have no means of exit except the front doors. Still others are upstairs theatres, and as such are in flagrant violation of the law. There are other theatres in the city which are by no means safe, but they are so far within the letter of the law that it may be hard for us to get at them."

Mayor McClellan made arrangements for a conference today between himself, the Fire Commissioner and the heads of other departments to consider what the city will do with these theatres.

Ice Gorges Form.

Wheeling, Jan. 5.—The Ohio river is frozen from shore to shore near Bell Aire, Ohio, and ice gorges are forming. This causes some apprehension.

FIRE IN GALLIPOLIS.

Gallipolis, O., Jan. 5.—Fire broke out in the residence portion of the city yesterday and in an hour's time the three residences of James Lenahy, Albert Souleware and A. Scott Dunton were almost totally destroyed. Loss, \$10,000.

The United States furnished \$20,000 of the \$250,000 worth of gold which the world produced in 1902. Colorado produced \$2,000,000, California \$16,000,000 and Alaska \$5,000,000.

A SWEEPING ORDER IS ISSUED TUESDAY

Fire Chief Bausch is Directed to Look at Newark Buildings and Report to Board of Public Safety Within a Few Days.

The following sweeping orders were issued Tuesday to Chief Louis Bausch through the Mayor and Board of Public Safety:

January 5, 1904.

Louis Bausch, Chief of Fire Dept.:

You are hereby directed by the Board of Public Safety of the City of Newark, Ohio, to make an inspection of all opera houses, halls, theatres, churches, school houses, hospitals and such other buildings as are used for public assemblages in the city of Newark, Ohio, and ascertain the means thereof or therein for the speedy and safe egress of the persons that may at any time be there assembled and the means provided for extinguishing a fire at or in such place, and carefully report the same to the Board of Public Safety, with such recommendations as you deem advisable within ten days of the service of this notice.

FRANK A. BOLTON,

Pres. Board of Public Safety.

January 5, 1904.

Louis Bausch, Chief of Fire Dept.:

You are hereby appointed by the undersigned, Mayor of the City of Newark, Ohio, and Board of Public Safety of said city to carefully examine all factories, workshops, tenement houses, runs or public houses in the city of Newark that are more than two stories high, and inquire into the condition of such buildings as to whether or not there are convenient exits from the different upper stories of the same which shall be easily accessible in case of fire and whether or not all inns or public houses where travelers or boarders are lodged in any story above the second story of the building, have provided good ropes or other life lines for each sleeping room for guests in such stories.

You will report all violations of the provisions of Sections 2573 and 74 of Statutes of Ohio, to the Mayor and Board of Public Safety within 10 days from service of this notice.

ANDREW J. CRILLY, Mayor.

FRANK A. BOLTON,

Pres. B. of P. S.

These orders are sweeping in view of the intended scope of the investigation and also in view of the drastic

measures that will be taken to correct any reported violations, which are implied in the reasons for issuing them.

The actions to be taken to correct any abuse or violation of the governing section will be brought under section 2574. Revised Statutes, which provides for a forfeiture on the part of the owner, or agent for owner, of not less than \$50 nor more than \$300 for each month he fails to comply with the provisions of Section 2573, which governs this matter and provides that every owner or agent of any workshop, factory, tenement house, inn or public house more than two stories high shall provide convenient exits from the upper stories, easily accessible in case of fire, and that any owner of an inn or public house where travelers or boarders are lodged must be provided a good rope or life line for each sleeping room above the second story.

Section 2574 makes it the duty of the Mayor to require compliance with Section 2573, and to serve notice on the owner or agent of such buildings, but in Rose vs. Knaz, 49 Ohio State Reports, page 213, the Supreme court has decided that failure of the Mayor to give notice does not prevent tenant from recovering from the owner of tenement for injuries received through neglect to comply with 2573.

This means that nearly every building around the square as it now stands is in violation of the section and will need to be equipped with approved fire escapes.

591 ST. VICTIM

Chicago, Jan. 5.—Josephine Spencer, a 17-year-old victim of the Iroquois fire, died last night, increasing the number of deaths to 591. Miss Spencer visited the theatre in company with two girl companions who were also killed.

Librarian Ballard of the Athenaeum Library of Pittsfield has secured a collection of rare originals relating to Shay's rebellion.

WOMAN SHAMMED

In Order to Get Money from Street Railway Company the Defendent Alleged--Women Detectives Watched the Woman--Jury's Verdict.

Chicago, Jan. 5.—After being out for eight hours, a jury in the \$50,000 damage suit begun by Miss Inga Hansen against the Chicago Railway company, returned a verdict in favor of the company.

Miss Hansen alleged that while attempting to board a car her spine was injured, with the result, that the pressure of the vertebrae upon the spinal cord affected the various nerve centers. At one time, she averred, she was deaf, dumb, blind and paralyzed. She recovered the use of her faculties of speech and hearing, she said, but remained blind, and also paralyzed in both legs and her right arm. It was in this condition that she was taken on a cot into the court room and told her story to the jury.

On the other hand, the com-

charged that the accident described by Miss Hansen never occurred, that she was feigning her alleged afflictions. Two women detectives were employed to watch Miss Hansen's room in the Sherman house and take notes on what was said and done. According to their evidence she appeared to recover the use of her faculties upon her return to her room from the trial court room. She would comb her hair, it was asserted, walk about the room and talk about persons and things she apparently saw. Immediately upon the announcement of the verdict, a motion for a new trial was entered on behalf of Miss Hansen.

Iowa's Fine Capitol Building Almost Destroyed by Fire.

Des Moines, Ia., Jan. 5.—Fire gutted the northwest wing of the Iowa capitol, causing a loss of \$500,000. The chamber of the house of representatives is a charred mass of debris and cannot be repaired in time for the approaching session of the legislature. At one time it was thought that the entire building was doomed, and Governor Cummings ordered the contents of all the offices removed.

The origin of the fire is unknown as Governor Cummings will order an investigation. The supposition is that

it started from a candle or from an electric light wire. The Iowa capitol is built along the lines of the New York capitol at Albany. It cost \$3,000,000. The state capitol commission had just completed the repair of the building at a cost of \$125,000, most of which had been expended in the chamber which is ruined. The building was supposed to be fire proof, but the use of several false ceilings furnished material for the flames.

Father John's Medicine

Cures Colds and all Throat and Lung Troubles—Prevents Pneumonia and Consumption. No Morphine or Poisonous Drugs. Not a Patent Medicine. 50 Years in Use.

Father John's Medicine sold in Newark by J. W. Collins & Son.

FAR EAST

(Continued from page 1)

big other obligations aside, to make us watch closely the trend of affairs.

"Korea has a population of about 14,000,000. Movable types were invented and first used in Korea. Korea was a hermit nation up to about 20 years ago. In 1893 the United States had a war with Korea, and even we failed to establish trade relations.

"The very rich gold mines in Northern Korea are supposed to have been ophir, where King Solomon's mines are said to have been located. This is a far-fetched theory, but since these mines bid fair to outdo Solomon's Americans, it is interesting. Capitalized at \$5,000,000, stock above par and none for sale, they are doubtless the largest single enterprise in Asia owned and controlled entirely by Americans. This fact makes our interest there keen, though, when we add the other business of Americans in kerosene, in cotton cloth, in electric railways and in general trade, \$15,000,000 or \$20,000,000 is the amount of America's commercial interest in Korea at present.

"With Japan in control these interests will be considered, but with Russia in control history, both remote and recent, shows that the United States will have scant consideration.

"Our duty in Korea is as positive as it was in Cuba. Distance in this age does not, and should not count. I only wish we had canals to dig in Asia and Korea."

SLIPPED AND FELL DEATH INSTANTANEOUS

Newark Boy on His Way to Work Tuesday Morning Fell to Ground Dead—Brother Who Was With Him Did Not Realize Anything Serious Had Happened.

A sudden death that has surrounded its circumstances of unusual sadness, occurred Tuesday morning at 4.45 o'clock, on Valandigham street just west of the bridge, the deceased being Edward O. Shaw, aged 20 years, a machinist's helper at the B. & O. shops, whose home was at 182 South Fourth street.

The young man, with his brother Earl, the latter an apprentice in the machine shop at the B. & O., were on their way to work, and as the weather was extremely cold and they were a little late, they were trotting along Valandigham street, both to make better time and also to keep warm.

When near the bridge Earl heard his brother fall, and turning saw him lying on his face. He went to him and made some joking remark about him falling. Earl noticed his brother's body quivering, as he thought, from laughter over his own discomfiture in falling on the slippery pavement.

Earl spoke to the young man, and receiving no answer stooped and turned him over. The expression on the face alarmed the young man, who summoned a woman, who saw the occurrence from a window. At the same time William Wildman came that way, the unconscious form was carried into a nearby house, and Dr. D. M. Smith was called. The physician immediately upon his arrival pronounced the young man dead. The body was removed to Criss Brothers, undertakers, and prepared for burial, afterward being removed to the home on South Fourth street.

Dr. C. F. Legge, coroner, was notified.

The cause of the death of young Shaw is thought to have been a broken neck from striking his head against the fence along the sidewalk where he fell, although Dr. Legge is not certain that the neck was broken as the body was not yet cold when he made his first examination. He will determine this later this afternoon. Dr. Smith said his death may have been caused by a rupture of an abdominal or other internal artery.

The remains will be shipped to Xenia Thursday morning and the funeral will take place from the Lutheran church there on that day, services being conducted by Rev. A. E. Gangle of Xenia, and Rev. J. C. Schuler of Newark.

The cause of the death of young Shaw is thought to have been a broken neck from striking his head against the fence along the sidewalk where he fell, although Dr. Legge is not certain that the neck was broken as the body was not yet cold when he made his first examination. He will determine this later this afternoon. Dr. Smith said his death may have been caused by a rupture of an abdominal or other internal artery.

NEWARK MAN ARRESTED ON BURGLARY CHARGE

Cigars Dropped Along the Street Gave the Police a Trail and Led to the Arrest of Fred Oldham —U. G. Gregg Tells What Oldham Told Him.

Police Captain Robert Bell and Patrolman William Howard on Tuesday morning at an early hour did a good piece of detective work and not only discovered a burglary but ran the perpetrator to earth in a couple of hours.

The officers discovered that the saloon of A. Lott, corner Main and Webb streets had been broken into, the front door having been sprung and then opened. In a little while they discovered a clue and followed it to a successful issue. It was found that a large number of cigars had been stolen and they found loose cigars about the saloon and out on the street, which had been dropped at intervals. These were followed to the "Blazing Stump" a saloon conducted by U. G. Gregg on Webb street, and upon questioning the proprietor the officers were told

that Fred Oldham, aged about 21, with a respectable and honorable family, had left a number of boxes of cigars and a quantity of bottled whiskey with him, telling him to keep the stuff for him, and threatening that if Gregg "gave him away" he (Oldham) would "blow up his place." Gregg, however, turned the goods over to the police and later other bottles of liquor were found in a manure pile where it is supposed Oldham secreted them.

The officers went to Oldham's home on Wing street and placed him under arrest.

Al Lott went before Mayor Crilly and filed an affidavit charging Oldham with burglary.

The trial of Fred Oldham was set by Mayor Crilly for 1 o'clock Wednesday afternoon.

OLNEY BOOM

Well Organized and Making Great Advances.

(New York Sun.)

At the beginning of the year there is visible no more definite and aggressive movement in favor of any particular candidate for the Democratic nomination than that which is now so rapidly taking shape in Massachusetts.

The Olney boom is organized. Mr. Olney's friends are for him, and they are in earnest. Democratic newspapers are coming strong in support of him. The party machinery in the state is to some extent actively engaged. There is a lively discussion of the distinguished gentleman's many qualifications for the office of Chief Magistrate, from his sturdy independence, his rugged honesty of character and his efficiency as an administrator. There is also discussion of his ability to carry New Jersey and Connecticut along with New York.

The Democratic State convention which will name the delegates at large to the National convention, and possibly instruct them for Mr. Olney,

will not be held until some time this spring. Meanwhile, however, we observe that the Chairman of the State committee, Hon. William S. McNary, of Boston, is reported as announcing that at the meeting of his committee this month a resolution will be adopted asking for the united co-operation of the Democrats of Maine, New Hampshire, Vermont, Rhode Island and Connecticut in the support of Mr. Olney as New England's candidate in the National convention.

What other Democratic candidate has got as far as this? We scan the horizon in vain for evidence of similar progress elsewhere. For the past twenty days or more Hon. Richard Olney's prestige in New England has been growing like Jack's beanstalk.

Vexing Delay.

THERMOMETER REGISTERS 'WAY BELOW ZERO.

Not So Cold as Monday, but Mercury Touched 18 Below—Weather Bureau Promises Relief.

Mr. L. O. James, who resides on North Fourth street, kept a record of the temperature Tuesday from 6 o'clock a. m. until 1 p. m., with the following result:

6 a. m. 18 below zero
7 a. m. 14 below zero
8 a. m. 12 below zero
9 a. m. 8 below zero
10 a. m. 2 below zero
11 a. m. 10 above zero
12 m. 18 above zero
1 p. m. 22 above zero

Washington, Jan. 5.—The weather bureau this morning says: "It is somewhat colder this morning in eastern New York and the lower Lake region, the minimum temperature in New York City being within two degrees of the lowest recorded since the beginning of weather bureau observations. The minimum temperature at Albany this morning was 22 degrees below zero, or four degrees lower than previously recorded."

"The plateau region storm will move east-northeast and give rain in the lower Mississippi, and lower Ohio valleys Wednesday. Snow is also probable in the lower lake region to-night and Wednesday."

"The temperature will rise slowly in the lower Mississippi and Ohio valleys and the lower Lake region."

Gloversville, N. Y., Jan. 5.—Yesterday was the coldest day on record in Fulton county, the mercury not going above 11 degrees below zero, but today promises to be much colder. At 7 a. m. it was 33 below.

New York, Jan. 5.—The bitter cold continues today wrapping the city in its icy embrace. The weather bureau reported the temperature at two degrees below zero at 9 o'clock this morning. It was 6 below during the night. The poor are suffering intensely. Five deaths from extreme cold are reported while it is almost impossible to estimate the number of those who are suffering from colds, "bronchitis and pneumonia. Frost bites are common. The fire department reports that from midnight last night until shortly after 9 o'clock this morning twenty-two fires occurred. The fires in some instances drove half clad people into the streets.

Wheeling, W. Va., Jan. 5.—The extreme cold snap which began Saturday night continues to send mercury down the line until 14 below zero was recorded in this city this morning.

Binghamton, N. Y., Jan. 5.—The mercury in the weather bureau thermometer here dropped to 24 degrees below zero this morning. This breaks all records here.

ANSWER IT HONESTLY

Are the Statements of Newark Citizens Not More Reliable than Those of Utter Strangers?

This is the vital question. It is fraught with interest to Newark.

It permits of only one answer. It cannot be evaded or ignored. A Newark citizen speaks here. A citizen's statement is reliable. An utter stranger's doubtful.

Home proof is the best proof.

C. W. Manville, 257 West Main St., says—"The lagrippe left my kidneys in bad condition. They did not act properly. At the same time I suffered terribly with pain in my back just over the kidneys. I just about gave up trying anything in the hope of getting better, when with the natural desire to test a well-recommended remedy, I started using Doan's Kidney Pills, sold at Crayton's drug store. The results were decided and lasting."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

Artificial Height.

"He wants to be considered a giant in debate," said one statesman.

"Yes," answered the other; "that's why he insists on using stilted language for undersized thoughts."—Washington Star.

Professional Good Will.

WEDDINGS.

STRAUD-HAYNES.

Monday evening at the Plymouth Congregational parsonage, 221 West Church street, Mr. Jesse F. Straud and Miss Edna A. Haynes were married by Rev. F. L. Kiernan. The young couple left on an evening train for a short trip. After their return they will take up their residence at 210 Lawrence street.

DICKEN-TAYLOR.

Mr. Asius Wilson Dicken, a well known and prosperous farmer, who lives on the Ridgely tract, southwest of Newark, was married at 10 o'clock on Tuesday morning to Miss Mary F. Taylor, eldest daughter of Mr. John Taylor. The ceremony took place at the home of the bride's father, corner of Eighth street and Western avenue, and was performed by Rev. L. C. Boyce in the presence of the immediate families of the contracting parties, and a few intimate friends. After receiving the congratulations of their friends and partaking of a sumptuous wedding dinner Mr. and Mrs. Dicken left on the noon train for a bridal trip to Florida. On their return they will make their home on Mr. Dicken's farm.

The bride is one of Newark's best known and most estimable women, and the groom is one of Licking county's best citizens.

They will have the best wishes of their many friends for a long life of happiness and prosperity.

SMUGGLED

Saws to Car Barn Murderer—Arrest of Brothers of Emil Roeski at Chicago.

Chicago, Jan. 5.—Otto Roeski, 22 years old, and Hermann Roeski, 23 years of age, brothers of Emil Roeski, under indictment for the car barn murder, have been arrested.

Suspicion that they planned to blow up the county jail to liberate their brother was aroused on a first report that they had nitro-glycerine, candles, steel saws and files when arrested.

Later it was denied that they had nitro-glycerine. The police refused to say that the Roeskis were suspected of having given their brother the saw with which he made his almost successful attempt to escape a week ago, saving the bars of the cell in the county jail.

It was hinted by the police that the Roeskis were wanted in connection with robberies committed since the arrest of their brother.

After his arrest, Otto Roeski confessed to smuggling saws to his brother, Emil, in the county jail. The saws used by Emil Roeski in attempting to escape were found in his cell, concealed in a slight crevice in the steel plating in the ceiling. They had been ingeniously concealed between the ceiling proper and the steel plating, soap being smeared over the crevice.

Woman's Ills

How rare a thing to find a woman who is perfectly healthy. Fully seventy per cent. of the sex suffers from ailments which often render life a burden. These afflictions cause nervousness, irritability, melancholia, hysteria, etc. They entirely unfit a woman for life's work and deprive her of most of its joys.

AUNT DINAH'S OLD VIRGINIA

Herb Tea

WOMAN'S SAFE GUARD.

Those suffering with disordered menstruation, female weakness, prolapsus, etc., will find immediate relief from the use of Aunt Dinah's Old Virginia Herb Tea and in the majority of cases it will bring about a complete cure. It is a positive cure for chronic catarrh, sick headache and indigestion. In cases of nervousness and sleeplessness this tea will be found indeed a boon. It has a soothing and quieting effect on the nerves and invariably induces sound, refreshing sleep. A cupful at bedtime is all that is necessary to make a woman well and keep her well.

Mayeville, N. C., Dec. 8, 1902. Hamilton Wizard Oil Co., Chicago, Ill.: Two years ago I suffered with female complaint and used your Aunt Dinah's Old Virginia Herb Tea with great success. I have just begun taking it again and feel much younger and stronger. If every woman sufferer could know the relief she would experience by using your Aunt Dinah's Tea she would not be without it. It is a most wonderful remedy and I take pleasure in recommending it to any lady who is suffering with female troubles. Miss C. L. CAREW, N. C.

Now, Lee County, Ark., Dec. 1, 1902. Hamilton Wizard Oil Co., Chicago, Ill.: I have just begun taking your Aunt Dinah's Old Virginia Herb Tea. I indeed think there is nothing like it for headache, nervousness and sleeplessness. I am most wonderful remedy and I take pleasure in recommending it to any lady who is suffering with female troubles. Miss Neta McCorkle, N. C.

Miss Agnes Miller, of Chicago, speaks to young women about dangers of the Menstrual Period.

TO YOUNG WOMEN:—I suffered for six years with dysmenorrhea (painful periods), so much so that I dreaded every month, as I knew it meant three or four days of intense pain. The doctor said this was due to an inflamed condition of the uterine appendages caused by repeated and neglected colds. "If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them." Thank God for Lydia E. Pinkham's Vegetable Compound, that was the only medicine which helped me any. Within three weeks after I started to take it, I noticed a marked improvement in my general health, and at the time of my next monthly period the pain had diminished considerably. I kept up the treatment, and was cured a month later. I am like another person since. I am in perfect health, my eyes are brighter, I have added 12 pounds to my weight, my color is good, and I feel light and happy. —Miss AGNES MILLER, 25 Potomac Ave., Chicago, Ill. —\$5000 forfeit if original of above letter proving genuine news cannot be produced.

The monthly sickness reflects the condition of a woman's health. Anything unusual at that time should have prompt and proper attention.

PISTOL

Exploded and Bullet Entered Admiral Evans' Hand Inflicting an Ugly Wound Tuesday.

Admiral M. Evans, a young boy aged about 17 years who is a member of the family of Mr. Moses Long, having been taken by Mr. Long to raise, met with a very painful accident Tuesday morning. Young Evans, who is employed at the gas station in Franklin's addition, was handling a 22-calibre revolver, when it suddenly exploded, the ball penetrating his left hand between the thumb and fore finger, breaking two of the bones of the hand. Dr. Rank was called and dressed the injured member.

NEXT THURSDAY NIGHT.

In Lincoln J. Carter's play, "The Two Little Wafers" which comes to the Auditorium January 7, the dual role of the adventurers and the mother is in the hands of Miss Lotta Emmons. The parts of Nell and Della are played by one person. The wonderful changes, especially in the third act, makes this seem impossible, but every line in the two parts is spoken by Miss Emmons.

Saved From Terrible Death.

The family of Mrs. M. L. Robbitt of Bargerton, Tenn., saw her dying and were powerless to save her. The most skillful physicians and every remedy used, failed, while consumption was slowly but surely taking her life. In this terrible hour Dr. King's New Discovery for Consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung troubles. Guaranteed Bottles 50c and \$1.00. Trial bottles free at Frank D. Hall's drug store.

Closing Out Sale.

DIRECTORS

ELECTED BY SEVERAL BANKS AND BUILDING ASSNS.

Other Corporations of Newark and Vicinity Will, Within a Few Days, Elect Their Officers.

At a meeting of the stockholders of the Licking County Bank, held on Monday evening, the following directors were elected: W. N. Fulton, E. T. Rugg, J. K. Hamill, E. W. Crayton, J. R. Fitzgibbon, W. C. Miller, William Allen Veach, J. H. Swisher and Geo. D. Orr. The directors organized by electing the following officers: President—W. N. Fulton. Vice President—E. T. Rugg. Cashier and Secretary—E. W. Crayton. Treasurer—J. K. Hamill. The board will declare a dividend this week.

POWERS-MILLER COMPANY

At a meeting of the Powers-Miller company's stockholders Monday evening, the following named directors were elected for ensuing year: William C. Miller, George D. Bradshaw, Carl Norpell, Frank Linke, W. S. Weiant, E. W. Crayton and A. H. Reikert. Mr. Bradshaw was made president and general manager, Mr. Linke vice president and assistant manager, and Mr. Miller secretary and treasurer.

The company discussed the plans for the new store, which will be opened in the spring, as soon as the Union block can be repaired. The announcement is made that the new store will be better than ever. Not a dollar's worth of goods from the old store will be carried into the new, but buyers who will soon go to the eastern markets will buy a complete new stock for the spring business. All of the goods from the burned block will be disposed of at the fire sale now in progress regardless of cost.

The carpets which were not touched by the fire have been dried and cleaned and many are as good as the day they were purchased by the company. All will be sold at prices that will make them go rapidly. The carpet sale will not be in the Tucker building, where the other goods are selling, but will be in Hickey's hall on South Fourth street, just south of Main street. Announcement of the carpet sale will be seen in a large display advertisement on another page.

Some changes in the appearance of the new store have been planned, but all that can be said now is that it will be bigger, more beautiful and better stocked than ever.

DIRECTORS ELECTED.

At a recent meeting of the stockholders of the Home Building Association, held Monday night Messrs. A. A. Stasel and S. G. Foos were elected directors. The directorate will organize next Wednesday night.

GRANVILLE BANK.

At a meeting of the stockholders of the Farmers' Bank of Granville, held on Monday evening, the following directors were elected: John Robinson, R. S. Colwell, W. H. Kussman, John Graham, Charles Deeds, E. T. Rugg, F. M. Black, L. W. Perry and E. E. Smoots. The directors elected John Robinson president, and Prof. R. S. Colwell vice president.

THE HEBRON BANK.

The stockholders of the Hebron bank met at Hebron Monday evening and elected the following directors: John Neel, Chas. A. Pence, Joseph Commisford, James K. Hamill, Israel Rees. Mr. Pence was elected president, Mr. Neel vice president, and Mr. B. L. Hawke cashier.

Domestic Troubles.

It is exceptional to find a family where there are no domestic ructions occasionally, but these can be lessened by having Dr. King's New Life Pills around. Much trouble they save by their great work in stomach and liver troubles. They not only relieve you, but cure. 25c, at Frank D. Hall's drug store.

Attention Modern Woodmen.

All members, their families and friends, are urged to be present at the celebration of the 21st anniversary of the society, at our new hall (formerly Opera House) on Wednesday evening, January 7. Bunches of fun have been provided for. Addresses will be delivered by Neighbors B. F. McDonald, of Newark, and Hon. Ed. L. Young, of Newark. Neighbor Young is Great Record Keeper of the Knights of the Maccabees of the World, and one of the leading fraternalists in the world. Come and hear him. 1-4-01

ABOUT PEOPLE

R. W. Levitt of Somerset, was in the city on Monday.

COUNCIL

HOLDS FIRST MEETING OF THE NEW YEAR.

Mayor's Annual Message and His Veto of a Sewer Ordinance—Railway Crossing Matter.

The City Council met Monday night with President Russell in the chair, and members Baker, Carlile, Conrad, Hunter, Jones, Miller, Moser present. The finance committee recommended the passage of the finance ordinance.

Mayor Crilly reported \$227 collected for fines and licenses, and that he had approved all ordinances passed at the preceding meetings of the Council, including those to improve Woods avenue, Cedar, Elmwood, North Fourth, Buckingham and Hoover streets, and one to raise money to pay for smallpox epidemic.

A resolution to sidewalk Penney avenue was passed. Mayor Crilly submitted his annual message to Council in which he gave a statement of moneys on hand and estimated to come into the treasury from all sources as follows:

General Fund:— Balance on hand \$1512 03 Taxes 1800 00 Dow Tax 3650 00 Fines and licenses 600 00 Total \$7562 03

Health Fund:— Balance on hand \$ 20 20 Taxes 720 00 Smallpox bonds 3000 00 Total \$3740 20

Public Safety Fund:— Balance on hand \$ 1991 66 Taxes 13680 00 Dow Tax 3650 00 Cigarette Tax 10 00 Total \$19331 66

Public Service Fund:— Balance on hand \$10746 06 Taxes 19800 00 Hay Scales 300 00 Markets 305 00 Sewer Permits 100 00 Burial Permits for animals 10 00 Building Permits 175 00 Cemetery 2700 00 Total \$34156 06

The mayor also recommended the passage of an ordinance making appropriations for the current expenses of the fiscal half year as follows.

From General Fund:— Expenses of Council \$ 657 50 Expenses of Clerk of Council 75 00 Expenses of Mayor 700 00 Expenses of Auditor 1105 00 Expenses of Treasurer 150 00 Expenses of Solicitor 860 00 Expenses of Tax Commission 50 00 Expenses of elections 1004 00 Expenses of advertising 985 00

From Public Safety Fund:— Gen'l administration including salaries of directors \$ 475 00 Fire and Police telegraph fire alarm system 100 00 Police department 7315 00 Fire department 9315 00

Extraordinary fire department, apparatus and furniture 3000 00 Public Health Fund:— General administration \$330 00 Sanitary Police, incidentals 350 00

Board of Public Service Fund:— Gen'l administration, including \$1800 salary of directors and \$7235, rental water plugs, total \$9605 00

Engineering 250 00 Street repairs 6793 80 Street cleaning 1303 94 Garbage 179 00 Sewers 900 00

Municipal Light Plant, ordinary office expenses, including salary of superintendent \$ 568 00 Operation and maintenance, including tools, salaries of trimmers and other employees 7115 68

Public park 218 00 City Hall 650 00 Cemetery (ordinary) 4275 98 Cemetery (extraordinary) 1600 00

The mayor recommended the appropriation of the entire amounts received from the sale of bonds to equip the North Fourth street fire department, and the sale of smallpox bonds to the purpose designated.

Council passed an appropriation ordinance in accordance with the Mayor's recommendation.

The committee appointed by council consisting of Solicitor Smith, Councilmen Hunter and Jones, to adjust differences existing between the B & O. and Pan Handle and the city

regarding protection of crossings, recommended that the proposition of the railroad companies be accepted as follows:

To protect the crossings at Williams, Pine, Union, Sixth, East Main, (Pan Handle) Arch, Cedar, Church and Locust streets, by pneumatic gates, and those at Fifth, Fourth, Third, Second and East Main (B. & O.) by watchmen. That all suits of the city against the railroad companies be dismissed and that no limit of speed be put on trains over crossings thus protected, and at crossings not so protected a limit of not less than 20 miles an hour.

The matter was postponed until next meeting.

Councilmen Jones, Moser and Carlile were appointed to confer with the Natural Gas Company and find out why the pressure in West Newark was lower than in other parts of the city.

A resolution, introduced by Jones, was passed, directing the Board of Public Safety to ascertain if all public and secret society halls are properly constructed in view of a fire in any one of them.

Mayor Gives His Reasons. Following is a copy of Mayor Crilly's veto giving the reasons for his action:

To the Honorable City Council of the City of Newark, Ohio: Gentlemen—I herewith return to you a resolution entitled, "A Resolution to improve Locust street from Fifth street to Twelfth street by sewerage," passed December 7, 1903, not approved.

While I am favorably disposed to any improvement of this nature, and this movement in particular, and believe it ought to be made, still I cannot approve the resolution as passed, because I believe that to install said improvement as contemplated would ultimately amount to a waste of money necessary to build it. I therefore state my objections to this resolution or any resolution of like character as follows:

1. Because no plans, profiles, specifications and estimates of cost have been prepared, and no means of employing the same were provided.

2. But providing a means of emptying said sewer were provided, still I would have to object to the resolution as passed because every sewer now used, and every sewer built under the present system would necessarily have to be emptied into the creeks south of the city. This is a pollution of said streams for which the city would be liable in damages at the suit of any one injured thereby, or which could be enjoined at any time.

In the event of the emptying of said sewers into this creek was enjoined, this City Council could not use one of its sewers as at present constructed and it is folly to put more money into sewers, the use of which could be stopped at any time.

Further than this the use of our present sewers, emptying as some of them do in the heart of the city, is a highly unsanitary condition, which is no doubt responsible for much of the sickness in this city, and this council should not be guilty of aggravating this condition.

The city has power to build a "sanitary plant," where sewerage, garbage and refuse matter of all kinds can be disposed of and turned into fertilizer.

Such a plant could be installed at an outlay of about \$25,000 or \$30,000, and would be largely, if not entirely, self-supporting. It would not require an outlay of more than \$50,000 to install a system of sewerage in connection with such a plant, that would put the city in the best possible sanitary condition. Bonds could be issued to pay for this improvement, to mature at such times as not to be a burden to the taxpayer, helped as they would be by the income of such a plant.

On the other hand it will require an outlay of at least \$150,000 to build a trunk sewer to take care of the northwest part of the city alone (where there are now no sewer facilities) and then the use of it could be stopped at any time.

This city is up against the sewer question in such a way that it cannot be escaped much longer, and the sensible business like way is to dispose of it now finally, and not waste money on little sewers that will in the near future be of no use.

Respectfully submitted, ANDREW J. CRILLY, Mayor.

NEWS IN BRIEF.

Elks' Meeting. The regular meeting of Newark Lodge of Elks will be held this evening.

Church Council. A regular session of St. Paul's Lutheran church council will be held this evening.

Lady Maccabees. By order of the captain, all guards of the Lady Maccabees are requested to be present Wednesday, Jan 6 on special business.

A Bad Fall. Mrs. May Coulter of the postoffice, on her way home from the office last evening, fell on the ice and so severely bruised herself that she is unable to be at her place of duty today.

Revival Meetings. Special revival meetings were begun at the Christian Union Church Sunday evening. A large congregation heard Rev. J. B. Bovey preach. A very interesting service was held last night. Preaching by the pastor this evening at 7 o'clock.

Meeting Wednesday Night. Knights and Ladies of Honor are requested to meet Wednesday evening at their hall over Smith's drug store on the south side of the square. Work in the initiatory degree. State Deputy Statton of Akron will be present. All members are expected to be present.

Destroyed by Fire. A house belonging to Mr. P. S. Smith of Kirtersville, located in Fairfield county, just over the Licking county line, was totally destroyed by fire on Sunday together with all the contents. The house was occupied by the family of Minor Crist. The loss on the building is about \$500 and on the contents about \$200.

Thrown from Sleigh. Mr. and Mrs. Dunlap who reside near Homer, met with a very bad accident on Monday evening. They had been in Newark on business and were returning home. As they were driving along North Fourth street in the North End, the horse ran up on the sewer embankment, overturning the sleigh and throwing both Mr. and Mrs. Dunlap out on the frozen ground with considerable violence. They were taken into a neighbor's house, where it was found that aside from a few bad bruises, they had escaped serious injury.

A Very Close Call. "I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters, and after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Fry them. Satisfaction guaranteed by Frank D. Hall, druggist. Price 50 cents.

FOR SALE. My stock of merchandise and good will. Reason for selling, having suffered stroke of paralysis. A. G. Ashbrook. 1-1-d-5t

A. N. BANTON ELECTRICAL CONTRACTOR AND SUPPLIES. Ceiling and desk fans. No. 49 N. 3d St., with Sayre, the plumber. Citizens phone. Office 107; Res. 564.

Dr. J. T. LEWIS DENTIST. Office, New Park 12-1-2 N. 3d St. Res. Old phone 493. Teeth extracted without pain. Work guaranteed. Office hours 8 to 12 a. m. 1 to 5 p. m. Open Wednesday and Saturday evenings 7 to 8. Other evenings by appointment only.

Grayton's Drug Store. It is a dangerous delusion to say that your cough does not amount to much and that it will soon go away. It may settle on your lungs or elsewhere in your system and the most dangerous results will follow if it is neglected. A few doses of

DR. BLACK'S COUGH SYRUP will promptly check the cough and prevent the spread of the inflammation. It is composed of harmless medicines that never leave bad after effects, but whose soothing and healing properties never fail to bring beneficial results.

If the schedule is carried out the trial of Machen and other of the more notorious postoffice hoodlums will be begun in Washington this week. When the cases were called for trial a month ago a continuance was granted at the request of the Government. It is hoped that the government will be ready this time. The indicted men will be defended by some of the shrewdest criminal lawyers in the country, and the Government's interests should be in the hands of able and experienced prosecutors.

The death of General James Longstreet has removed from the country one of its most notable and at the same time one of its most pathetic figures. This grizzled old warrior was the product of a time more radically different from this than many of us know, and although he strove earnestly to adapt himself to the manners and the methods of the day he found that somehow he could not wholly do it. He belonged to a type of Americans, South as well as North, that is too rapidly fading perhaps for the good of the Nation. It is true that he fought desperately for the dismemberment of the Union, but when he was whipped he had the sense to recognize it and the courage to acknowledge it. If all the leaders on both sides of that gigantic and monstrous struggle of nearly forty years ago had deported themselves as General Longstreet did, this country of ours would today be worthier of its heritage.

If it is a fact, as reported, that China has renewed her demands on Russia for the immediate evacuation of Manchuria a startling turn may soon be given to the situation in the far east. To English influence at Peking could be traced directly responsibility for the renewal. Should China mean what she is reported to have done, Russia will find herself confronted almost at the start of war with Japan, if war comes, with a combination that is fraught with the imminent danger of involving all the powers of Europe in a struggle in Asia. A war of such gigantic proportions would check the world's progress more than could be caused by an indefinite postponement of the partition of China, which is almost sure to come sooner or later. It yet remains to be seen if the United States is wholly free of such entanglements with Japan and England as would keep us entirely out of the mess. Some queer things have been going on between London and Washington lately.

COL. CAMPBELL

Noted Lawyer Who Assisted in the
Prosecution of Goebel Murderers
Dies in New York.

New York, Jan. 5.—Colonel Thomas C. Campbell, a well known lawyer who assisted in the prosecution of the assassins of Governor Goebel of Kentucky, died Monday in a sanitarium in Brooklyn as the result of his experiences in the schooner yacht The Roamer which was wrecked on Dec. 10, on Rum Bay, in the Bahamas.

Noted in Ohio Valley.

Cincinnati, O., Jan. 5.—Thomas C. Campbell, who died in New York was one of the most noted men in the Ohio Valley. Up to 1884 he was the leading criminal lawyer and one of the Republican leaders in Ohio.

REED SMOOT

Elected Senator to Represent the Mormon Church, Says Cannon.

Salt Lake, Utah, Jan. 5.—Ex-United States Senator Frank Cannon, himself a high Mormon, in speaking of the election of Reed Smoot to the Senate, said:

"Reed Smoot was elected United States Senator from the State of Utah because he was an apostle of the church; at least his ecclesiastical dignity was the largest single factor in the achievement of that result. That he would represent the Mormon church was not seriously denied in the campaign of 1902. Gentiles understood it; Jews knew it and Mormons by the thousands were solicited to vote for him because they had come out for an apostle to sit in the Senate in order to truly represent the work of God."

Dislocated Her Shoulder.
Mrs. Johanna Soderholm of Fergus Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back in place as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep which she had not done for several days. The son was so much pleased with the relief it gave his mother that he has since recommended it to many others. For sale by all druggists.

FIFTEEN MURDERS

Committed in Fayette County, W. Va. During Christmas Week.

Parkersburg, W. Va., Jan. 5.—Fayette county, which is believed to be the wickedest county in the United States, comes to the front with a record of fifteen murders committed within the county during Christmas week.

The carrying of firearms has reached such a point that the Judge of the Criminal court has issued a proclamation to the public, calling upon them to refrain from doing so.

Most of the murders of Christmas week were caused by the carrying of concealed weapons. In many cases no arrests have been made.

Colombia has had seven constitutions, and the title of republic has been changed three times.

M'CLELLAN BANQUET

Great Gathering of Leading Democrats in New York.

Ex Secretary Olney Makes a Strong Plea for Grover Cleveland for Presidential Nomination—David B. Hill Scores Roosevelt—Other Leaders Make Speeches.

New York, Jan. 5.—Democrats of prominence from the city, state and nation, assembled here last night at the dinner at Sherrys in honor of George B. McClellan, the newly installed mayor of New York city, among those present being: Richard Olney of Massachusetts, ex-Governor David B. Hill of New York, Congressman David DeArmond of Missouri, Charles A. Towne, ex-senator from Minnesota, ex-Governor R. E. Pattison of Pennsylvania, William A. Gaston of Boston, and Charles F. Murphy, new leader of Tammany hall.

Grover Cleveland, Judge Alton B. Parker, Senator Arthur P. Gorman of Maryland, and Senator John P. Morgan of Alabama, sent letters of regret.

The speakers included Mayor McClellan, Richard Olney, David B. Hill, Charles A. Towne and Congressman Bourke Cockran acted as toastmaster.

Mr. Olney was introduced as a diplomatist who had never followed the policy of wandering around the world, seeking quarrels with weaker nations and as the "pride of New England," but enthroned on the hearts of all his countrymen.

EX-SECRETARY OLNEY NAMES CLEVELAND.

After an opening personal tribute to Mr. McClellan and the Democratic party which elected him, Mr. Olney declared that it was a misfortune for the country that the Republican party had for seven years been in undisputed control of all departments of the government, and he considered the present gathering a good sign that there will be in the future a well organized and patriotic opposition.

"Every season of feverish stress and storm," he declared, "has its limit. Returning reason and sobriety inevitably reassert themselves, and all the signs are that the change is now at hand, and is most welcome."

"We have had a surfeit of sensations and of spectacles, and need a rest. We need it to recover our equilibrium, to assimilate our undigested dependencies to get used to exploiting inferior races for their good and to our own great cost, to habituate ourselves generally to strange conditions, and, above all, to renew and invigorate in us that respect for law and that love of liberty and of peace which the exercise of military domination in any form or for any purpose inevitably weakens and too often destroys."

FIGHT ON WOOD

Now Goes to the United States Senate—No Definite Action Will Be Taken Till Senator Hanna Returns to Washington.

Washington, Jan. 5.—The Senate Military Affairs Committee has reported to the Senate favorably to the nomination of Leonard Wood to be a Major-General. The best that the Hanna-Rathbone opposition could muster was two votes against confirmation. They were Scott of West Virginia, Republican, and Blackburn, of Kentucky, Democrat. Of the other members, seven, one of whom was Joseph Benson Foraker, voted for confirmation, making the total 7 to 2. The favorable votes were Senator Proctor, Warren, Foraker, Quarles, Alger, Cockrell and Pettus. Senator Proctor was not present, but authorized his vote to be recorded. Hawley and Bate were absent. Hawley is quoted in favor of confirmation and Bate against it.

At the executive session it was agreed that the Senate take no action on the committee's report until Senator Hanna's return on January 15.

Speaking of the committee's action, Senator Foraker said: "Yes, the vote for confirmation was good and plenty. I voted 'Aye' on the basis of fact and the evidence presented. I do not see how I could have done otherwise."

Senator Blackburn said: "I voted 'No' and against Wood's confirmation. I do not see how I could have done otherwise in view of the facts and the evidence as presented."

Senator Scott said that he had foreseen the result for some time, and that the fight would now be transferred to the floor of the Senate.

tions, and, above all, to renew and invigorate in us that respect for law and that love of liberty and of peace which the exercise of military domination in any form or for any purpose inevitably weakens and too often destroys."

"Mr. Chairman, the men of all men most thoroughly representative of the national policies, I have indicated, the most capable and most sure of making them effective—the opportunity being given—the man of the proven courage in his convictions, who never yet turned his back upon the approach of public duty, and is too old to learn now, that man unfortunately absent at this time, but a New Yorker by adoption if not by birth, and one whom New York has always delighted to honor, that man is Grover Cleveland, whose record in the past is an all-sufficient guarantee of his action in the future."

DAVID B. HILL SCORES ROOSEVELT.

Former Governor David B. Hill was greeted with loud applause when in his introductory remarks he eulogized the leadership of Charles F. Murphy, and predicted that Mayor McClellan would succeed him as governor of the state and precede him in the White House.

Continuing Mr. Hill said:

"Thoughtful citizens, solicitous for the welfare of their country, view with apprehension the dangerous tendencies of the public policies, which are either approved or tolerated by the party in power in the nation. 'They see the best traditions of the government set aside, or ignored, while a course of intrigue and dishonesty in international matters is recklessly and shamelessly entered upon. The fair fame of the country is being greatly tarnished in a strenuous effort for personal glory at the expense of truth and consistency.'

"It has ever been in the past the pride, and boast of our republic that weaker nations have been safe from attacks from us, and that in our intercourse with other governments the spirit of national brotherhood has always been cultivated rather than destroyed."

JOSEPH HUTDELL.
Hebron, O., Jan. 5.—Joseph Huddell, 22 years old, son of Henry Huddell, and formerly a motorman in Newark, died Monday at the home of his sister in Columbus, after three weeks' illness with typhoid fever. The death occurred at 1 o'clock in the afternoon, and at 7:30 the remains arrived here for burial. The funeral will take place at one o'clock on Tuesday at the Church of Christ. The deceased leaves a father, mother and three sisters. For some time Mr. Huddell was employed as a motorman in Columbus.

WILLIAM BEATTY.
Croton, O., Jan. 5.—Mr. William Beatty, one of the oldest and best known of the pioneer residents of Licking county, and the father of Dr. Ray Beatty of Newark, died at his home about one and a quarter miles north of this place, on Monday night, after an illness of some time, with diseases incident to advanced age, he being 84 years old at the time of his death. The funeral will take place from the late home on Thursday morning at 11 o'clock, and the interment will be made in the cemetery at Centerville. Mr. Beatty was married twice and is survived by his second wife and three children, two daughters, Mrs. O. H. Davidson and Mrs. Burr Selby of near this place, and Dr. Beatty of Newark.

Glass Works Resume.

New Castle, Pa., Jan. 5.—Both the Lawrence and Shenango glass factories of the American Window Glass company and the Greer and Shenango tin plants of the American Tin Plate company resumed operations here yesterday, giving employment to nearly 6,000 men.

Another member of the committee, who does not wish to have his name given, said: "There was no excitement incident to the session. That all came in the night session, when we adjourned before Christmas. We knew then, as everybody, including the public, through the press, seems to have known, that Senators Scott, Blackburn and Bate would be the only ones to vote against Wood. Senator Hanna knew the vote exactly as it was registered. He said jocularly, 'We were too hard a lot for him,' and that he would transfer his fight to the floor. Senator Teller's address to the committee on the last night before adjournment was, one might say, the only spectacular feature of the session, although there were frequent small spats. Some of the members of the committee spoke rather resentfully of Teller's liberal adjectives, as he does not belong to the committee and, like Senator Hanna, was merely an outsider admitted to the hearing out of senatorial courtesy. There will be lively times on the floor."

In the executive session of the Senate Senator Foraker, from the Committee on Military Affairs, submitted a lengthy brief in General Wood's favor. He quoted Rathbone's charges and said that every witness before the committee was allowed to testify to any fact of which he might have knowledge, but that with all this latitude the witnesses had been unable to support the charges made, while in

most instances the fact had been brought out that the witnesses were holding real or fancied grievances against General Wood which made them biased in their views to an extent apparent to the members of the committee.

Each charge is taken up by Senator Foraker in its turn. In the postal cases it is declared that the testimony showed General Wood to be following the instructions issued by the Secretary of War. The report declares that no evidence was offered to the committee to show that Major Rathbone was not given a fair trial in Cuba.

In regard to the gifts which General Wood accepted from the Jai Alai company, the report says that "there is nothing to be criticised," and adds that General Wood's acceptance was with the full knowledge of Secretary Root.

Reference is made to the conflict of testimony in regard to the Runcie article, and the word of Major Runcie is placed against that of Ray Stannard Baker, the magazine writer, and General Wood, both of whom have declared that the article was not talked of at a dinner at Santiago as reported by Major Runcie.

GRIM REAPER

FORMER LICKING COUNTY MAN DIES IN IOWA.

Joseph Huddell, Former Newark Man, Passes Away at Columbus—Funerals and Deaths of Day.

Hebron, O., Jan. 5.—Word has been received from Des Moines, Iowa, telling of the death of a former Licking county man, Mr. Justice 'Voise,' better known as "Doc" Voise, who a number of years ago, lived about six miles south of Newark.

Mr. Voise had been slightly ill and started down stairs at his home in Des Moines when he fell the whole length of the stairway, breaking his nose and receiving other injuries which resulted in blood poisoning and in his death on Friday of last week. The funeral took place Sunday.

Mr. Voise, whose wife was formerly Miss Hannah Beaver, of Licking county, had lived in Des Moines about 15 years. He was 52 years of age and leaves one son besides his widow. He was a stepbrother of Mrs. Hershberger of Newark.

JOSEPH HUTDELL.

Hebron, O., Jan. 5.—Joseph Huddell, 22 years old, son of Henry Huddell, and formerly a motorman in Newark, died Monday at the home of his sister in Columbus, after three weeks' illness with typhoid fever. ANGRY

Farmers Force Fuel Company to Cease Pumping Gas—They Need the Fuel Themselves

Muncie, Ind., Jan. 5.—Fifty angry farmers marched through Main street yesterday afternoon to the offices of the Muncie Gas Light and Fuel company, where they demanded that the company stop the big pumping station which was started yesterday afternoon.

Fifteen minutes after the pumps had been started the gas ceased to burn in the homes of hundreds of farmers in the company's territory north of the city. As many had no wood stoves and no other fuel, there was actual suffering among the people.

In some cases there were sick in the homes, whose condition was thus rendered serious. Instead of gas there was a suction in the pipes caused by the pumping of the gas into the city.

The leases, which the farmers hold provides that they shall be provided with gas free of cost at all times. Unless the company remedies the matter more than 100 suits to annul the leases will be filed at once.

The company promised to take steps at once to remedy the matter. W. W. Orr, attorney for the farmers, has complaints to file. This company supplies the larger part of the city with fuel, and cannot afford to have these leases covering 2,500 acres, cut off.

Railway traveling is tolerably safe in England. Of every 3,211,000 passengers in 1902 only one was killed.

SCHWAB READY TO TELL STORY

New York, January 5.—Charles M. Schwab won a signal victory in the United States district court when Judge Loombs ordered that testimony be taken at once in the action begun by Mr. Schwab and the New York Security and Trust company to foreclose the \$10,000,000 mortgage held by Mr. Schwab on the property of the defunct United States Shipbuilding company.

Mr. Schwab has frequently said that he was anxious to tell his side of the story. He complained that counsel for the bondholders had held back its testimony. The hearing was set for Friday.

TWO KINDS OF CHILDREN

Children that grow too fast and those that seem hardly to grow at all, both need Scott's Emulsion.

It gives that rich vital nourishment which is the secret of all healthy growth. It rounds out the long limbs, and helps children to grow without using up all their strength in growing.

Mothers ought to know more about the wonderful help which Scott's Emulsion would give their children.

There is no secret about Scott's Emulsion. Nothing is covered up by obscure references to "active principles" or "alkaloids."

Scott's Emulsion is simply an emulsion of the best Norwegian cod liver oil combined with the hypophosphites and glycerin.

We'll send you a sample free upon request.

INITIATION

Of Columbus Men Into D. O. K. K.—
About 50 Knights Were in Attendance.

About 50 votaries from Koolah Temple, attended the initiation of several tyros at the oasis in Columbus, Monday night.

A special car was chartered for the Newark D. O. K. K.'s leaving Newark at 6 o'clock, and returning at 2 o'clock. The initiation was in charge of the Newark team, which is recognized as one of the best in the state. A banquet was served immediately after the tyros had crossed the desert sands. The Columbus oasis has been lately instituted and is rapidly growing.

CHILD

Who Met With an Awful Accident Years Ago, Gets Around Remarkably Well.

George Naegle, the 10 year old son of Conrad Naegle, who has been making his home in Columbus, has returned to Newark, and will remain at his parents' home on Railroad street.

The little fellow when three years of age, fell under a train in front of his home and had both legs crushed so that Dr. D. M. Smith had to amputate them both. Since that time he has had two pairs of artificial legs, the second having just been fitted, and he gets around in a really remarkable manner.

AMUSEMENTS

TWO LITTLE WAIFS.

Lincoln J. Carter's great story blending pathos, animation and comedy, entitled "The Two Little Waifs," will be seen at the Auditorium Thursday night, January 7. The story concerns two sisters, twins, who, unknown to each other, cause the complications. Lyman Pendeville, the heavy man, separates Nell from her husband by bringing about an intrigue between the wife's twin sister and Dr. Drake Young, who listens to words of endearment, apparently spoken by Nell. Desertion follows and Wayne Fleming, the injured husband, goes to the Philippines as a soldier, returning ill and down hearted to fall into the hands of his enemy, Pendeville, who takes him to Mother Bowser's den with the intention of dropping him into the East river, and marrying the widow. Harry Fleming, the waif, follows, and holds the crowd with the villain's revolver, and rescues his father. The police back him up just as the lights are extinguished. The knot is finally untied, by the two sisters coming together by proxy, and husband and

wife are again united. The play is filled with dramatic situations, including a kidnapping and plenty of opportunity is afforded for comedy surprises, pathos and passion. The play is staged in an up to date manner. The first is a garden and river scene, the moon rising slowly and naturally over the hills, electrical devices producing the effect of moving clouds with slowly shifting colors.

"JUST STRUCK TOWN."

"Just Struck Town," a scenic comedy production from the pen of Lawrence Russell, and under the management of Jule and Elmer Walters, will be at the Auditorium next Saturday afternoon and night.

While the play is of the melodramatic order, it has been written in a refined style, and is presented without the boisterousness which is usually quite characteristic in melodrama. The play is in four acts, all appropriately staged, and is presented by a company of exceptional merit. An exchange speaking of the company says:

"The management of the theatre were particularly pleased with the

THE BEAUTY DOCTOR.

Fred E. Wright's "The Beauty Doctor," the latest of the big musical comedy successes, comes to the Auditorium

mounting and the marvelous electrical effects which have made its staging a sensation. "The Beauty Doctor" is a clever satire on the beauty culture craze, and the story develops no end of comedy of the uproarious sort. The

BURGLARS

WOULD HAVE HAD VERY WARM RECEPTION

Had They Succeeded in Entering the Store at Wilkin—Young Men Went From Newark.

Wilkin, O., Jan. 5.—Two well dressed young men arrived here from Newark on Monday afternoon. They were strangers to every one here and would not speak when accosted. They went southeast from here, crossing the fields to Dr. Wilkin's woods, where they built a fire out of sight of the store, using about a cord of W. F. Holton's stove wood.

About 8 o'clock they were seen to pass the store, which circumstance immediately made a topic for a spirited conversation some thinking that the men contemplated breaking into the store. Several of the men agreed to remain with the family, who occupy the same building in which the store is located, in order to assist them in case of an attempted robbery. Pickets were posted to keep watch all night. About 1 o'clock the signal was given that the men were approaching. Each man with a double barreled shot gun in his hands and a big revolver in his belt, stood ready to give the bold burglars a surprise. The window shutters were barred as usual, and the doors locked. The robbers tried the doors, but finding that they could not gain entrance, went to the blacksmith shop of D. E. Lloyd, which they broke into and secured a

number of tools. They then returned to the store and endeavored to pry off the shutters, but were finally compelled to give up the job and left which was very fortunate for them as the men would have filled them full of holes as soon as they entered the building. The affair created quite a sensation here, and all persons burglariously inclined are warned to steer clear of Wilkin.

Don't Worry.

This is easier said than done, yet it may be of some help to consider the matter. If the cause is something over which you have no control it is obvious that worrying will not help the matter in the least. On the other hand, if within your control you have only to act. When you have a cold and fear an attack of pneumonia, buy a bottle of Chamberlain's Cough Remedy and use it judiciously and all cause for worry as to the outcome will quickly disappear. There is no danger of pneumonia when it is used. For sale by all druggists.

PROF. SAYRS

Resigns Eldership of Church of Christ to Join the Dowieites.

Wilmington, O., Jan. 5.—Prof. W. C. Sayrs, superintendent of the public schools of this place and for several years an elder in the Church of Christ here, has publicly announced his faith and signified his intention of uniting with the Christian Catholic church at Zion City, Ill. Prof. Sayrs is a graduate of the Wilmington College and the University of Chicago, and is prominent among the educators of Ohio. He has been very active in the church work of this place and his action is much regretted by his friends.

performance yesterday, and in behalf of themselves, personally endorse the play and say:

"While this is of a melo-dramatic nature, it presents in its course of action some of the best character work ever seen in this city. For once in the history of this style of play we have a tramp who is not coarse or disagreeable, who goes from humor to pathos and back again without grating upon the sensibilities of the auditor. This part is played by Mr. Harry Todd, and that most excellently.

"The character part of 'Hulday Gunderson,' which is played by Miss Emily Ericson Greene, is a gem of characterization, one of the prettiest bits of the kind seen here this season with any company. Her pretty, love scene in the last act with 'The' would be a feature on any bill.

"The charming little child actress, Baby Mildred, is a wonder; always charming and natural, and not a bit precocious; and there are scenes in this play that would do credit to a stellar production."

The management take occasion to say this, as it is often the fact that these productions at popular prices go unnoticed by some of the Dixie patrons, who, for some reason or other do not really understand their real merit.

go with a swing and dash and there are a dozen song hits which will be whistled and hummed all over town. There is a boy of "show girls" whose gowns are said to be the handsomest yet seen in similar productions, while

MOLDERS

CELEBRATE THE OPENING OF NEW FOUNDRY.

Reception Given New Comers and a Smoker Monday Night—About 200 Present.

The smoker given by Iron Molders' Union, No. 152, Monday evening in the Red Men's hall, in celebration of the opening of the new Wehrle building, was probably the greatest social success of any affair of the kind ever given by the union. The smoker was also in the nature of a reception to the new molders, who went to work Monday morning, and the good fellowship and fraternal feeling of the old to the new molders was expressed with the utmost of cordiality.

In the neighborhood of 200 were present. An excellent musical program, interspersed with addresses, was rendered. Between the rendition of the different numbers on the program refreshments were served.

Immediately preceding the social session a business meeting was held, in which the installation of officers recently elected, occurred. The following officers for the coming year were installed: John M. Duley, president; Charles Arter, vice president; N. S. Hamlin, financial secretary; Jas. F. Bree, recording secretary; Wm. T. Curry, treasurer; Fred Pfeiffer, Inductor; James Reed, door keeper; Fred Parkinson and W. O. Whiteman, trustees.

Among the highly appreciated numbers on the program were the following:

Songs, by the Iron Molders' Quartet, consisting of Messrs. Goss, Spitzer, Vautrin and Lanigan.

Instrumental music by Messrs. Goss and Vautrin, zither and guitar and banjo and guitar.

Vocal solo, by Martin Goss.

Vocal solo, by Dan Davis.

Vocal solo, by James Bree, "King Hobo."

Vocal solo, by Henry Schimpf, "The Song of the Clam."

Mr. Dwight Truesdale, superintendent of the old foundry, and Mr. Jos. Moser, superintendent of the new, were both present, adding considerably to the enjoyment of the evening.

Supt. Truesdale delivered an address on the good and bad qualities of the molder of today as compared with the molder of 40 years ago, in which he noticed the marked improvement that has occurred in the ability and habits of the iron worker during these years. His remarks were met with approval.

Ex-President Martin Goss followed with a talk along the same lines. That the status of labor and capital at the Wehrle foundry is a condition to cause the people of Newark to congratulate themselves on having such a concern in the city, was forcibly exemplified by the reception accorded Messrs. Truesdale and Moser. Could those pessimistic philosophers who regard the unionizing of the factories and the working of these unions as a menace to the welfare of the nation, have been present Monday evening, they would have had revealed to them in a measure, the higher motives of the unions. They would have seen that here at least the primary purpose is to advance the condition of labor, socially and intellectually and not to attack capital. And could the unbiased representatives of capital and labor have viewed this meeting they would have realized that this condition is best attained by natural friendliness and co-operation.

DANCING SCHOOL.

Mrs. Spear will reopen her dancing school Monday, January 11th. Dancing from 8 until 11. 1-5-54

Cannel Coal.

THE RAILWAYS

B. & O. Conference.

There will be an important meeting in Baltimore the coming week between General Manager C. S. Sims and his staff and the several employees' organizations, including the Brotherhoods of Enginemen and Firemen, the Orders of Conductors and Trainmen and other kindred bodies. The meeting will be for the purpose of agreeing on the contract for the coming year. Representatives of the railroad and employees say that there will be no delay, as the principal work was accomplished by the grievance committee in the conference with Mr. Sims and his staff some weeks ago.

Turned Out 2,022 Engines.

The Baldwin Locomotive works closed the year 1903 with a record of 2,022 completed locomotives turned out. This output surpasses any previous record in the history of this great industrial establishment, exceeding its previous best record of 1,532 locomotives in 1902 by fully 35 1-3 per cent. In addition to the 2,022 completed locomotives there were turned out of the works during the year duplicate or repair parts equivalent to about 313 complete locomotives. Of the completed locomotives 1,366 were for service in the United States.

W. C. Whitmer's Death.

Columbus, Jan. 5.—W. C. Whitmer, trainmaster of the Columbus and Newark division of the B. & O., died at his home 151 North Sixth street, Monday from an acute attack of heart trouble, superinduced by pneumonia. Mr. Whitmer had been ill about three weeks, but his condition had not been considered serious up to Monday morning. The deceased was one of the oldest employees of the B. & O. in this city. He held the position of train dispatcher on the C. & N. division of the B. & O., which is used jointly by the B. & O. and Pan Handle, for over 20 years. In December, 1900, on account of his faithful service he was appointed chief train dispatcher and trainmaster, succeeding J. F. Irwin, who was made superintendent of the Pittsburg division of the B. & O. Mr. Whitmer was 50 years of age and single. G. W. Whitmer, train dispatcher of the B. & O. S. W. at Cincinnati, a brother of the deceased, has been notified, and will take charge of the remains upon his arrival in the city. Funeral arrangements will be announced later.

A Maddy Story.

The Chicago Record Herald recently printed the following story concerning J. H. Maddy, one of the prominent officials of the B. & O. railroad company, who is well known to Newark railroad men. Mr. Maddy has occasion to travel a great deal, and when he is on the train he finds a good cigar to be an entertaining companion. A few days ago he came to Chicago from Baltimore. While sitting in the smoking room of the sleeper he was asked by a fellow passenger, evidently an Englishman, how far it was from Baltimore to Washington.

"One cigar," said Mr. Maddy.

The Englishman thought it over for awhile, and concluding that his question had not been understood, put another.

"How far do you consider it from Baltimore to New York?" he asked.

"Three cigars."

"I beg your pardon, but I don't quite understand what you mean. I asked the distance from Baltimore to Washington and you reply: 'One cigar.' When I inquire how far it is from Baltimore to New York you say 'Three cigars.' I fancy you must have some long cigars in this country."

"No, they're not very long—unless they're bad ones. Now, if you will watch me closely you will see that the distance from Washington to Pittsburg is about six cigars, while from Pittsburg to Chicago is only three or four. This is because we sleep most of the way after leaving Pittsburg."

"Bless my soul! How singular."

Just before the train reached Chicago the Englishman approached Mr. Maddy and tried to inform him that he had figured out the joke, but he was so amused that he could only gasp between outbursts of laughter that he would have a ripping good rig to play off when he got back to the other side.

Railway Briefs.

Pan Handle No. 2 had three sections Monday night for Pittsburg. The engine on the second section was almost dead on its arrival here. The engineer finally got the engine in shape to make the trip. The extreme cold

wather of the past few days has been very hard on engines.

Pan Handle electric signal men W. M. Manuel and C. M. Vorce have gone to Pittsburg.

Pan Handle interlocker foreman Mr. Markham and four men have gone to Pittsburg, where they will work for the next three months.

Wonderful Nerve.

Is displayed by many a man enduring pains of accidental Cuts, Wounds, Bruises, Burns, Scalds, Sore feet or stiff joints. But there's no need for it. Bucklen's Arnica Salve will kill the pain and cure the trouble. It's the best Salve on earth for Piles, too. 25c at Frank D. Hall's drug store.

INFIRMARY

DIRECTOR VERMILLION LEAVES THE BOARD

And is Succeeded by Burr D. Jackson.—An Event at Infirmary on Tuesday, Jan. 4.

Tuesday was an important day in the calendar of the Licking County Infirmary, it being the day on which, according to law, the retiring infirmary director, goes out of office, and the incoming director-elect, goes in. This year the retiring director was Mr. Stephen L. Vermillion, who has served the people of Licking County so judiciously and so faithfully as infirmary director for two terms, and the incoming director was Mr. Burr D. Jackson, who will be a worthy successor to Mr. Vermillion.

Monday also marked the first year of the service of Mr. Cephas Harter as superintendent, and his estimable wife as matron of the infirmary for one year, succeeding Mr. and Mrs. Amzi Larason in those important positions, in which they had so long and so faithfully served the county.

Mr. Vermillion has made one of the best infirmary directors that Licking county ever had, being a gentleman of excellent judgment and sound discretion, careful and conscientious in the discharge of his duties. He will be missed from the board, but it is a matter of congratulation on the part of the inmates of the infirmary and the tax-payers of the county that Mr. Vermillion is to be succeeded by a man so honest, careful and judicious as Mr. Jackson. It is only justice to say that Mr. and Mrs. Harter as superintendent and matron of the institution have given perfect satisfaction and it is to be hoped that they will be retained in their present positions for years to come.

Dr. Henry Day, the present faithful and conscientious physician of the infirmary was also re-elected for another year.

The outgoing and ingong of the directors was celebrated by a fine dinner, served in Mrs. Harter's best style, to which about twenty officials and guests with their wives sat down, and which, of course, was heartily enjoyed by all.

At the conclusion of the dinner the board of directors held its annual meeting and transacted such business as appropriately came before it, after which the board reorganized for the coming year by electing James Redman president, and Captain James H. Smith secretary.

All present were then called into the commodious director's room, where Judge E. M. P. Brister sprang a surprise on the retiring director, Mr. Stephen L. Vermillion, by presenting him in an appropriate speech on behalf of the officers and friends of the institution with an elegant gold watch as a token of their esteem and regard. Mr. Vermillion happily responded, after which brief and appropriate remarks were made by Messrs. Burr D. Jackson, Captain James H. Smith, James Redman, Cephas Harter, Amzi Larason, Dr. and Mrs. Day, Mrs. Robinson and others. The entire occasion was a most delightful one, thoroughly enjoyed by all present, the most satisfactory feature of which was the evident prosperity and success of Licking county's home for the unfortunate.

ATTENTION MODERN WOODMEN.

All members, their families and friends are urged to be present at the celebration of the 21st anniversary of the society, at our new hall (formerly Opera House) on Wednesday evening, January 6. Bunches of fun have been provided for. Addresses will be delivered by Neighbors R. F. McDonald of Newark and Hon. Ed L. Young of Newark. Neighbor Young is Grand Record Keeper of the Knights of Macabees of the World and one of the leading fraternalists of the world. Come and hear him. 1-4-2t.

A. A. Griggs
COMPANY

CROWDED

ARE SEVERAL SCHOOL BUILDINGS IN NEWARK.

Teachers Resign—Contingents Elect—Applications Received—A School Board Meeting.

The Board of Education met in regular session Monday evening with President D. M. Keller presiding, and the following members present: Messrs. Haight, Henderson, Keckley, Munch, Fulton. The minutes of the preceding meeting were read, approved and bills to the amount of \$771.07 were allowed.

The resignation of Laura J. Foreman and Mrs. Della J. Cochran-Sprague were accepted, and Misses Grace Gerby, Florence Hull, Florence Hart, Ethel Metz and Mr. J. W. Parkinson were elected contingent teachers.

The applications of Ethel Cullen and Clara Cox of Columbus, for positions as regular teachers were received and placed on file.

Superintendent Townsend made a report showing the number of pupils in each school room, and calling attention to the crowded condition existing in the East, Central and West portions of the city, and the crying necessity for new buildings. His report also showed special efforts made in instruction in reading and composition, and much improvement along these lines.

Treasurer D. J. Jones made his customary annual report which was received and placed on file.

The committee on teachers reported in favor of transferring Miss Mame B. Lawyer, principal of the South Third street building, to the Central school, to take the place of Miss Laura Foreman resigned, and the transfer of Miss Louise Wulfoop with her Sixth grade school to the room formerly occupied by Miss Lawyer's Fifth grade. The latter school will be transferred to the Fifth street building and be in charge of Miss Harriet Messenger. These changes were ordered made and Miss Wulfoop will assume the principalship resigned by Miss Lawyer. Miss Cora B. Duncan was assigned to succeed Miss Della Cochran, resigned.

In the matter of the complaint of Mr. and Mrs. Slocum about the transfer of their son from Central to Woodside, the committee to whom it was referred, reported that hereafter pupils residing in the outskirts of districts would be subject to the rule "first come, first served," and no transfers would be made of any pupil for the accommodation of others in or near the same districts.

A rule was made by the board that hereafter if a regular teacher is absent on account of sickness, or for some other unavoidable reason, she shall only lose so much of her salary as is paid to the substitute. Heretofore the regular teacher lost all her salary and the substitute is not paid as much.

They Knew Her

Edith—I believe he only married her for her money.

Edna—Well, he has certainly earned it.—St. Paul Pioneer Press.

MONEY TALKS.

A GOOD PLACE FOR YOUR MONEY.

The Newark Telephone Company has for sale a limited amount of its PREFERRED STOCK, bearing six per cent interest payable January 1 and July 1 each year. This stock is NON-TAXABLE and this makes the investment worth to the owner of the stock NINE PER CENT NET. \$13,000 of this stock has already been taken at par by some of the most conservative investors of the city. It is safe and sure.

If you invest NOW you will get the July first dividend in full. Apply to Harry Swisher, President; C. H. Spencer, Secretary, or Edward Kibler, Treasurer. The Newark Telephone Co., C. E. Hollander, Manager.

Over one thousand five hundred British vessels plying in Eastern waters are manned by Chinese crews.

SHORTAGE OF GAS.

Granville, O., Jan. 5.—Great complaint is being made here regarding the unusually low pressure of natural gas during the present cold snap, scarcely any gas could be obtained on Monday and the public schools were obliged to suspend on account of an insufficiency of gas to heat the rooms. Resort was had to burning coal in the college buildings and all over town, and the volumes of black smoke puffing out of the different chimneys looked as though the wheels of time had turned backward many years. The same scarcity of gas was felt at the Licking County Infirmary, which is on the same gas line as Granville, and resort was had to coal to keep the inmates warm.

Orders have recently been executed in Japan for a supply of fishing nets for Alaska, valued at \$30,000.

TALKS OF PROTESTS AGAINST REED SMOOT

Washington, Jan. 4.—Former Representative R. W. Taylor of Ohio, who has been engaged by opponents of Senator Reed Smoot to assist in the fight to prevent the senator from retaining his seat in congress, had an interview with Senator Burrows, chairman of the committee on privileges and elections, concerning the protests which have been filed.

Senator Smoot gave notice that his answer to the charges is ready for the committee.

Mr. Taylor will be associated with John G. Carlisle in the present effort to defeat Senator Smoot.

Germany's export trade during the year 1902-3 amounted to £28,000,000, being an increase of £3,750,000 on the previous year.

STARVING COUPLE IS FOUND FROZEN

New York, Jan. 5.—John Campbell and his wife, Helen, starving, and with their hands, ears and feet frozen, were removed from their miserable tenement room at 525 East Fortieth street to Bellevue hospital.

A policeman broke in the door and found the woman unconscious on the bed with only a thin covering over her.

Not a particle of food was found in the room. Campbell was revived sufficiently to say that they had had no food for four days.

DANCING SCHOOL

Miss Simonds will reopen her private dancing school at Assembly Hall, Friday, January 8. Application for admission must be made before that date. Children's class, Saturday, January 9, 2 p. m.

The Essentials.

"Are they much to each other?" "Indeed, yes! One has ambition the other money."—Detroit Free Press.

Nearly six million dollars' worth of wood, mostly pitch pine, was exported from the United States to Germany last year.

EXPLOSION IN MINE

Cushoccon, O., Jan. 5.—Floyd Freitag, a miner, was seriously and perhaps fatally hurt by an explosion in the Cassingham mine. Freitag's head struck the roof of the corridor. While he was at work his lamp was knocked off and fell into a keg of powder. The explosion blew him several feet and filled the mine with dense smoke.

All ran save John Billman, who heroically fought his way to the injured man, extinguishing his burning clothing with his own coat, and carried him to safety.

Tom Powelson was seriously burned by an explosion of gas in an early morning fire at the plant of the Novelty Advertising company. He was thrown 20 feet and seriously burned about the face.

\$100 REWARD. \$100.

The readers of this paper will be pleased to learn that there is at least one decided disease that science has been able to cure in all its stages, and that is Cancer. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by Druggists, to whom all orders for Hall's Family Pills are the best.

BONDS ARE TAKEN FROM FARMER'S SAFE

New York, Jan. 5.—Notice has been sent out in Wall street of the loss of a number of bonds, "stolen New Year's night from the safe of a farmer who resides near Oneonta, N. Y."

The bonds are of a kind that Wall street describes as "prime investments." They consist of Erie-Pennsylvania Coal company 4s, Burlington 5s, guaranteed by Great Northern and Northern Pacific, and Sydney, N. Y., water works 6s. The par value is above \$15,000.

STOCKHOLDERS MEETING.

A meeting of the stockholders of the Newark Machine company will be held at the office of said company on Monday, January 11, 1904, at 10 a. m., to elect directors of the ensuing year.

E. C. SHARPE, Secretary.

Chicago, Jan. 5.—Geo. M. Dusenberry, head usher of the Iroquois theatre, was held to the coroner's jury on the charge of manslaughter in \$5,000 bond today. Dusenberry had charge of the exits in the gallery which were blocked during the fire. Dusenberry's bond was signed by persons interested in the theatre.
